

CHENELLE FRASER ART

Hand-painted Wedding & Family Portraits

Intimate, heirloom-style portraits created with patience and with care. Each painting is made using professional acrylic paints on high-quality canvas, working from your photographs to create a timeless, realistic portrait that celebrates connection, presence, and memory.

The Process

- **Initial enquiry**

We discuss your idea, preferred size, reference photos, and timeline.

- **Booking & deposit**

A 50% deposit secures your place in my painting schedule.

- **Underdrawing & composition**

I begin with a detailed drawing to establish likeness and structure.

- **Painting phase**

The portrait is built up slowly in layers, focusing on realism, atmosphere, and emotional connection.

- **Final review & delivery**

Once completed, the painting is carefully packed and shipped to you.

Timing

To ensure each piece receives the care and attention it deserves, availability is limited.

- Typical turnaround: 10 - 16 weeks from start date
- Rush orders are not available

This makes the portraits especially well-suited for:

- Wedding anniversaries
- Engagement or wedding gifts (planned in advance)
- Significant birthdays
- Family heirlooms

Reference Photos

Clear, high-quality photos are preferred, but not essential. I can also work from older or less sharp photos; in those cases, I'll need multiple reference photos to capture the likeness as accurately as possible.

Booking

If you'd like to commission a portrait or ask a few questions, please email chenellefraserart@gmail.com or contact me via my website.

I take on a small number of commissions at a time to ensure each piece receives the attention it deserves.
